

MAYHEW

18 PC. TRIPLE SQUARE MASTER SOCKET BIT SET

PART NO. 16066F

Mayhew's new 18 PC. Triple Square Master Socket Bit Set. Set includes (9) short length triple square sockets, (7) extended length triple square sockets, (1) extended length 9/10 ribe socket, and (1) T55 TORX® socket. Bits are made from S2 tool steel with proprietary heat treat for superior strength and durability. Sockets are fully polished, and chrome plated for superior corrosion resistance. Each set is packaged in a custom-cut foam tray that securely stores each tool in the set, displays its size, is solvent resistant, and fits into most tool chests and drawers, allowing for easy access and organization. The accented color-coding on the tray displays the set type, in this case being Purple to show the set is Triple Square. Each bit is made in the USA and is precision CNC machined to industry specifications with tight tolerances for sure and reliable fastener engagement, reducing the risk of stripping screws or damaging fasteners. Chrome sockets are globally sourced. Parts are marked and assembled in the United States.
