

# LOW PROFILE SCREWDRIVERS

PART NO. 16990, 16991, 16992

Mayhew's flat, low profile screwdrivers feature an innovative design that delivers high performance capabilities in hard-to-reach areas. Ideal for automotive assembly, small engine repairs, dash and door actuator work, and more. Professional grade and quality made, these screwdrivers also feature:

- 10 mm alloy steel bits that are small enough to reach into tough access areas, while still affording full engagement to the screw at a 90-degree angle
- The handle's contour design fits smoothly in hand for easy access and use, while its heat treat enhances the tools durability
- Slim, compact design measuring 4.25" in overall length fits conveniently in pocket and the open slot on handle allows you to fasten or secure to key ring or other device
- Phillips #1, Phillips #2, and low profile flat tip, each sold separately
